

SMART TOILET PRODUCT CATALOG

—
In the era of intelligence, we lead the future!

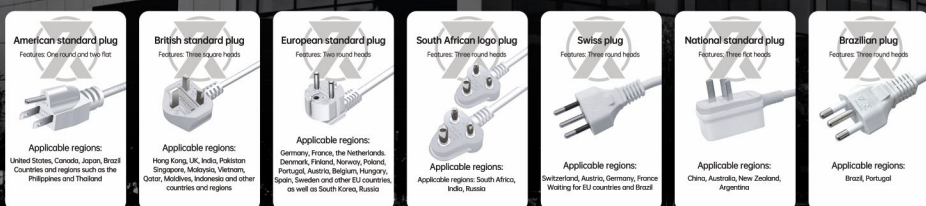

About Us:

Located in Chaozhou, Guangdong Qixing Intelligent Sanitary Ware Co., Ltd was founded in 2023. Boasting a 20,000m² production facility and a team of 150 skilled employees, we specialize in the independent R&D of smart toilets. Our core strength lies in patented key components, including main control boards, heating systems, and sensors. Our products are exported worldwide to key markets including Russia, Central Asia, South America, and North America, backed by a dedicated team that delivers premium quality products and seamless technical support from pre-sales consultation to after-sales service.

Global display of standard plugs from various countries
